Principal Product Designer

Toast IQ

AI Assistant & Agents

Toast

Founding designer of Toast IQ — AI assistant with 40,000+ weekly active locations, 47% WoW retention, and 1M+ threads since GA (Oct '25).

- **0 → 1 → platform:** Led Toast IQ from concept to production and into a cross-product assistant platform, defining its core UX, interaction model, and trust patterns.
- **Agent OS design:** Architect agentic workflows, automation systems, and agent-to-agent handoffs for flexible, composable AI.
- **Platform enablement:** Establish shared patterns and guardrails for integrating data, tools, and actions into IQ; partner with domain teams to shape what to build.
- **Design + ship in code:** Ship production code (100+ commits) to accelerate iteration and improve quality.

2023 - Present

Senior Product Designer (Point of Sale)

2022 - 2023

Toast

Led design for point of sale end-of-day operations for restaurant managers, reducing the time it takes to close a restaurant at the end of the day and streamlining the end of day setup process.

Product Designer

2021 - 2022

Drizly (UberEats)

Drive UX for Drizly's gifting program to optimize conversion and repeat rate for alcohol gifts. Meet state liquor laws & regulations.

UX Designer

2018 - 2021

Innovation & Digital Health Accelerator (Boston Children's Hospital)

Spearhead UX for healthcare related projects, including consumer-facing tools, internal digital solutions & accessibility.

EDUCATION

Design and Computer Science (B.S.)

Northeastern University, Boston, MA

GPA - 3.8, Magna Cum Laude, University Honors Distinction, Honors in the College of Arts, Media & Design, Huntington 100
